

CENTRAL
SOD FARMS, INC.

Sod Specification:  Zenith Zoysiagrass

To whom it may concern,

Zenith Zoysia is a coarser textured Zoysia that has a leaf size similar to Tall Fescue. It is well adapted to the transition zone as it has greater cold tolerance than most Zoysia cultivars.

This Zoysia is ideal for home lawns, highways, and golf courses.

Slab Size	10"x40" (5 square feet)
Age	24 – 36 months
Soil Thickness	.75"
Slabs Per Pallet	100 (500 square feet)
Blend	100% Zenith Zoysia

Please feel free to call if you have any questions or concerns.

Respectfully,
